Total Points - 35

Using Lending Club dataset, please do the following

1. Do the descriptive statistics. Your goal is to tell a story about this dataset. I don't have a specific answer in mind. So be creative. [10]
2. Build a multiple regression and Logistic regression and Naïve Bayes model with the data. [10]
3. Compare the model and discuss about each model's accuracy. [15]
